

THE SUHRE SERIES

SCHOOLS (ALMOST) OUT FOR SUMMER

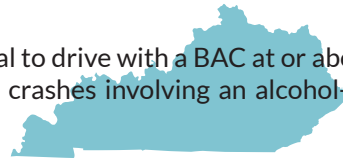

2020 was a year for the books, literally. Most colleges and universities canceled in-person commencement ceremonies due to the pandemic. May is generally a month for graduations. While there is no “general rule” when it comes to graduation, many schools like University of Louisville, University of Kentucky and Xavier University will hold in-person commencement ceremonies this year.

Walking across the stage at graduation (or watching someone you love) is big deal. Oftentimes, a celebration of sorts is on the agenda afterwards. Graduation season is unfortunately a temptation for risky behavior and impaired driving. While we believe that everyone deserves representation, we do not condone impaired driving, ever.

Help Us Keep the Roads Safe

If you are hosting a graduation celebration or plan to attend one, be sure to plan ahead. If you drink, don't drive. If you drive, don't drink. For the hosts - consider serving other non-alcoholic beverages to your guests and make sure your guests leave with a sober driver. We are dedicated to helping eliminate risky behavior and impaired driving on our Nation's roads. Until next time.

Q: What are crimes related to marijuana?

A: Marijuana law is always changing, it's probably changed more over the last ten years in this country than in any other period and it's going to continue to change.

Having an attorney that has their finger on that pulse and how that affects you and how you've been charged is really important.

The charges you face will depend on several factors, including the type of drug involved, the quantity of that drug in your possession, and your specific behavior.

Testimonials

What Our Clients Say

"I want to thank Miranda on such a great job. She went up and beyond to take the matters at hand.

She was very **professional** and made me feel comfortable with the process. She did everything that you would expect a lawyer to do for a client. I highly recommend her for any legal matter. She was quick to get the matter **resolved** and fought hard to get the case resolved. I was fighting an OVI and driving under suspension.

She had the driving under suspension dropped due to a mistake by the officer and had my OVI dropped to a lesser charge of wet wreckless. I want to thank her for her hard work and getting my matter resolved."
